

## **The Manchester College (Classroom Based Learning)**

### **About The Manchester College**

A very warm welcome to The Manchester College. We are a large provider of further, higher and professional qualifications and have several campuses across the city. We've successfully delivered CLC professional law programmes for some years at our St John's Centre in the heart of Spinningfields. This vibrant area of central Manchester is easily accessible by road, motorway, rail or bus.

### **Courses offered by The Manchester College**

We will be also offering our CLC programmes via distance learning and we have a highly experienced, well-qualified and supportive team of tutors ready to guide and assist you in your journey to becoming CLC qualified.

If you would like to study our distance learning programme, we are currently working hard to enrich the CLC programme and create a brand new interactive online learning environment.
